

UPDATE: Looks like they figured out their bug.

Data based on automatic parsing of digg data - repeats of data are probable, not all data captured, not 100% accurate. New data added every 60 seconds (no auto refresh), 200 items shown  
Gathered between 7-9AM (Mountain) on 27 Feb 2007

NOTE: Random sample testing indicates that not all buries attributed to one user were actually committed by the user.

NOTE: ALL DATA SHOWN - In about 2 hours there were 1708 buries.

DISCLAIMER: This data was gathered as a proof of concept.
